PROFILE

Passionate Computer Science student with a strong foundation in web development and growing interest in cybersecurity. Seeking opportunities to apply and expand my skills in threat analysis, vulnerability assessment, and secure system design to protect digital assets and enhance data integrity.

EDUCATION

Gitam University : 7.1/10 ***Sep, 2022 - Apr, 2026***
Bachelor of Technology in Computer Science Engineering Bengaluru, India

New Horizon PU College : 8.8/10 ***Jun, 2020 - Aug, 2022***
Stream - MPC(Maths, Physics, Chemistry) Bengaluru, India

New Horizon Gurukul : 6.9/10 ***Apr, 2019 - Apr, 2020***
CBSE - Central Board of Secondary Education Bengaluru, India

SKILLS

Programming Languages and Libraries HTML, CSS, Java Script, ReactJs, Node.Js, MongoDB
Software Tools OnlineGDB, Pycharm, Visual Studio Code

PROJECTS

3D Train Engine Design - AutoDesk Fusion 360:

- Executed a Mechanical Project using AutoDesk Fusion 360 in the domain of Engineering Visualization and Product Realization (EVPR).
- Designed a 3D Train Engine, employing advanced features and tools within the Fusion 360 software.
- Produced comprehensive views, including Top View, Front View, and Side View, showcasing a detailed representation of the train model.

Web Development Project using HTML:

- Developed a website as part of my Computer Engineering Workshop Course project using HTML.
- Designed the website that consists of my university logo.
- Incorporated diverse question types, including text answers and checkboxes, for interactive user engagement.
- Applied a visually appealing color scheme to enhance the overall aesthetic.
- Included a strategically placed button at the bottom of the page, linking directly to the official website of my university.

Food Idea – Restaurant Management System:

- Designed and developed a full-stack restaurant management system with a responsive user interface.
- Implemented dynamic dish cost calculator using live ingredient pricing and quantity mapping.
- Created multi-step order flow (Menu → Details → Payment → Receipt) for efficient billing
- Integrated CapEx and OpEx modules to manage financial operations and track expenditures.
- Built ingredient and item purchase management with real-time data sync between frontend and backend.

EXTRACURRICULAR ACTIVITIES

- Active member of GITAM Bangalore Football Team (Left Wing); participated in the Tri-Campus Football Tournament organized by GITAM University from September 2–8, 2025.
